CHILD ABUSE

Under the Child Protective Service Act of 1975, all school district personnel are mandated by law to report suspected child abuse to Children, Youth and Family Services. Teachers or staff members may also inform their immediate supervisor, but are still required to make a report. **It is not the responsibility of the teachers or other school personnel to interview the children who may be victims or to contact the family before reporting to the state agency.** Report of any suicidal intent or child abuse does not require consent from the parent to share information with the appropriate authorities.

Reports of suspected abuse will be made to ChildLine and Children and Youth Services immediately by telephone or electronically; a written report will be submitted within 48 hours. Concerned citizens may also make a report of suspected child abuse with reasonable cause by calling the toll-free Child Abuse Hotline at 1-800-932-0313. All reports made are strictly confidential and anonymous. Concerned citizens can also use the Child Abuse Hotline directly without notifying the school.

COMPUTER AND TECHNOLOGY

OVERVIEW

The Internet will be used in the instructional program to support the Clairton City School District's curriculum, the educational community, and projects between schools, communications and research for district students, teachers and administrators.

AUTHORITY

The electronic information available to students and staff members does not imply endorsement of the content by the school district, nor does the district guarantee the accuracy of information received on the Internet. The district will not be responsible for any information that may be lost, damaged or unavailable when using the network or for any information that is retrieved via the Internet.

The district reserves the right to log Internet use and to monitor file server space utilization by district users while respecting the privacy rights of both district users and other outside users. The use of the Internet is a privilege, not a right. Inappropriate, unauthorized and illegal use will result in the cancellation of those privileges and appropriate disciplinary action.

CHROMEBOOK ONE-TO-ONE PROGRAM

Clairton City School District realizes the importance for all students to have access to technology as a variety of learning resources and materials can be accessed online. Starting in the 2020-2021 school year, Clairton Elementary started offering a one-to-one Chromebook lending program for students in Kindergarten through 5th grade. Students will be provided a device to use in school and for educational use at home.

CHROMEBOOK INSURANCE

The district is partnering with One2One Risk Solutions to provide accident protection for our one-to-one Chromebook program. Registering with One2One and purchasing a damage waiver will protect families from the cost to repair or replace the district-issued device. It will also limit your responsibility to a per-occurrence deductible, should a loss occur. **The cost to sign up: only \$20 per school year.**

- Deductible for Accidental Claim #1: \$0
- Deductible for Accidental Claim #2: \$25
- Deductible for Accidental Claim #3: \$50

This program is being offered on an optional basis. If you chose to opt-out of the damage waiver program, **you may be responsible to pay the full cost of any repair or replacement** to the Chromebook or charger. Coverage extends from the date of purchase through the end of the school year or when the student is no longer enrolled in Clairton City School District. To sign up for the program and for additional information, please follow the below steps:

 4. A meeting with the student, parent/guardian, administration, school counselor, and teachers will be held to determine if suspension or expulsion is necessary.
 5. According to the nature of the offense, the student may be referred to the Threat Assessment Team and/or the Student Assistance Program.

CONFERENCE DAYS

Two Parent Conference Days will be held during the school years. One per each semester of the school year. These meetings provide an opportunity for families to speak with teachers about their child's academic successes, challenges, and barriers to learning.

DISMISSAL

Student dismissal begins at 2:43 p.m. Students are to walk immediately home from school or be picked up in a timely manner. In order to ensure student safety, consistent dismissal arrangements need to be in place. In the event of an unforeseen circumstance, changes can be made via telephone when an emergency arises and an administrator can verify communication with a parent/guardian.

EARLY RELEASE

Parent(s)/Guardian(s) should send **a written note for an early dismissal** to the respective building office. The note must be written by the parent/guardian and include:

- Time of release and reason for release
- Mode of transportation home (walking, being picked up, etc.)
- Current telephone number to verify release with the parent/guardian

If a written note for prior approval is not submitted, parents/guardians may come to the school to pick up the student. In the event of an unforeseen circumstance, approval via telephone may be granted by an Administrator. Please remember, a valid photo ID must be presented when picking up a child.

- Early release from school prior to 11:30 a.m. or reporting to school after 11:30 a.m. **may preclude student's participation in extracurricular activities** for that day.

ENTRANCE PROCEDURES

Providing a safe school environment which is conducive for learning is paramount. The following safety measures are in place for the safety of all who enter the building. These preventative measures include Security Guards, Metal Detectors, Visitor Identification System, Scheduled Drills and Evacuation exercises, Child Safety Alarms on Exteriors Doors, and Security Cameras inside and outside the Building.

Metal Detectors

- **All staff, students, family members, visitors, repairman, vendors, or any other individuals** who enter the MS/HS will be required to enter the Metal Detector and be vetted for the safety protocols.
- **All individuals** who beep will be subject to wand and other safety protocols.
- **All individuals** who continue to beep or do not comply with the safety protocols will not be permitted to enter the building.

Visitor Identification

- **All visitors** who do not provide proper identification will **not** be permitted to enter the MS/HS.

EMERGENCY SCHOOL CLOSINGS & DELAYS

Sometimes conditions arise which force the closing or delay of school. If this occurs in the morning before school begins, the automated phone dialer will be activated to call the home of every student and staff to alert everyone as early as possible once the decision is made. An email blast will also go out to all families who have provided one to the district.

Announcements will be made by television stations:

- Channel 11 (WPXI)
- Channel 4 (WTAE)
- Channel 2 (KDKA).

Additionally, announcements may be made by radio station 1020 (KDKA). Closings are also listed on the Clairton website and social media, as well as the following web sites:

- <https://www.wtae.com/weather/closings>
- <https://www.wpxi.com/weather/school-closings/>
- <https://pittsburgh.cbslocal.com/school-closings/>

Occasionally, severe weather conditions or other problems may be serious enough to necessitate the closing of school during the day to justify sending the students home early. If this happens, announcements will be made via television, radio, social media or the websites listed above and through the district's automated phone dialer.

EMERGENCY EVACUATION PLAN

Planned evacuation drills are held once, if not twice, each year. In the event of an evacuation of the Clairton Education Center is needed, multiple options are available depending on the necessity and/or logistics of the situation.

As soon as feasibly possible, family members will be alerted of the evacuation via the district's automated phone dialer. Alerts will also be posted on the Clairton Facebook page. Please consider liking the page in order to receive up-to-date information.

Once an "All-Clear" has been issued, students will return to the Clairton Education Center. In the event that it is necessary to release children to their parents/guardians, the following procedure shall be used:

- All vehicular traffic will be blocked in the area surrounding the evacuation locations. This is to assure the safety of our students and staff who will be moving in a small, confined area. Family members must park in the surrounding blocks and walk to the respective evacuation location(s).
- **No student will be released via a telephone call unless there are extenuating circumstances. In these rare circumstances, written permission by an administrator will be required which will document details of the phone call.**
- To maintain the safety of all when releasing students, family members must pre-approve any individual who is authorized to remove the student from the evacuation location(s). This form is completed during enrollment and at the beginning of each subsequent year as part of Student Information Day.
- Individuals are not permitted to take the children of friends, neighbors or relatives unless the name appears on the pre-approved form. **Children will only be released to adults listed on the child's Student Evacuation/Pick-up Form.**
- Individuals who are authorized to pick-up your child may be asked to show a Photo ID, especially if the staff member present doesn't know or recognize the individual.
- When asking for the release of a student, proceed to the location in which the child is housed. An area will be set up to release each child. If children are of different grade levels and housed in different buildings, you must go to each separate building to secure the release of each child.
- Students not released will remain with school staff until the parent/guardian can be contacted.

FAMILY EDUCATIONAL RIGHTS & PRIVACY ACT (FERPA)

The *Family Educational Rights and Privacy Act* (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
 - School officials with legitimate educational interest;
 - Other schools to which a student is transferring;
 - Specified officials for audit or evaluation purposes;
 - Appropriate parties in connection with financial aid to a student;
 - Organizations conducting certain studies for or on behalf of the school;
 - Accrediting organizations;
 - To comply with a judicial order or lawfully issued subpoena;
 - Appropriate officials in cases of health and safety emergencies; and
 - State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

FIRE DRILLS

Fire drills are held at least once a month. Fire exits are indicated in each room and there is an assigned route for leaving the building. The rules for such drills are very stringent and must be observed by all students. It is important that class groups stay together to enable teachers to check rosters. Students who fail to comply with emergency procedures will face consequences through the discipline policy.

FLAG SALUTE & PLEDGE OF ALLEGIANCE

It is the responsibility of every citizen to show proper respect for his/her country and its flag. Students may decline to recite the Pledge of Allegiance and may refrain from saluting the flag on the basis of personal belief or religious convictions. Students who choose to refrain from such participation shall respect the rights and interests of classmates who do wish to participate. **Students who wish to refrain from such participation shall remain standing, respectfully silent through the flag salute and the Pledge of Allegiance.**

HEALTH SERVICES

ASTHMA CARE

Duquesne University Center and the Pediatric Alliance, LLC will provide free asthma and BMI screenings for all children at Clairton Elementary School. The asthma screening consists of a validated, 4-question survey and the BMI screening includes height and weight measurements for standard BMI calculations. The School Nurse will work with both agencies to provide free asthma care to children enrolled in Clairton Elementary School with a diagnosis of asthma. All appointments will take place during the school day.

EMERGENCY HEALTH SERVICES

The nurse maintains school office hours to handle first aid and emergency care for all students. Parents/guardians are encouraged to report any new health problem to the school nurse as soon as possible. Certain information may be shared with other staff members when the nurse deems it necessary for the health and safety of the student. This especially applies to life-threatening allergies and medical conditions, as well as any dietary restrictions or considerations. Otherwise, information shared with the school nurse will be considered confidential and maintained in the nurse's office.

HEALTH SCREENINGS

The Clairton City School District's Health Services Program supports each student's academic success by promoting health in the school setting. One way that we provide care for your child is by performing health screenings as mandated by the state of Pennsylvania. During the school year, the following screenings will be required or completed at school:

- **Vision** - Distance and near vision acuity for all students in K-12th grade. Color perception screening is done on all Kindergarten students.
- **Hearing** - Screening for all students in Kindergarten, grades 7, 11 and special education students.
- **Scoliosis** - Spinal curvature screening for all students in grades 6-7.
- **Physical Exam** - A physical examination is required for all students entering grades 6 and 11.
- **Dental Exam** - A dental exam is required for all students entering grade 7.

A letter will be sent home if there are any findings on any of the screenings done at school that would cause concern or need medical follow-up. If you have any questions or concerns, please call the Health Nurse at 412-233-9200, extension 1124.

HOMEBOUND INSTRUCTION

Homebound Instruction can be provided for a student who will be absent for an extended period of time [two weeks or longer.] It is limited to five hours of instruction per week. It can also be planned in advance in situations in which a physician will verify the need following surgery, an accident, an extended illness, etc. Homebound instruction is NOT a standard placement option for special education students. Coordination for Homebound Instruction begins with having the Physician's Statement for Homebound Instruction completed and returned to the Health Office.

IMMUNIZATIONS

Under the Pennsylvania state health regulations, for attendance in all grades, children need the following immunizations:

- 4 doses of tetanus, diphtheria, acellular pertussis
- 4 doses of polio
- 2 doses of measles, mumps, rubella
- 3 doses of hepatitis B
- 2 doses of varicella (chickenpox) or evidence of immunity

LICE TREATMENT

In accordance with school policy, the school nurse will examine the head of any child suspected of having a live lice infestation. If live lice are present, the parent or guardian will be notified that treatment is needed. Children returning to school after treatment must be accompanied by a parent or guardian and brought to the Health Office. The School Nurse will need to verify the type of treatment and also examine the child for absence of live lice prior to entering the classroom. Please see the district website for more detailed information on our policy and resources available.

MEDICAL FORMS

Copies of all the necessary medical forms are available in the Health Office, or on the district website - www.ccsdbears.org.

- Administration of Daily Medication at School

MEDICATION POLICY

In accordance with school policy, medication(s) should be given at home, before and/or after school. This pertains to medication taken on a regular basis, as well as those needed due to a short-term illness. When it is not possible for medication(s) to be given at home, prior to bringing the medication to school, each student must provide the Health Office with a Medication Administration Consent Form signed by the parent/guardian and include a Medication Order from a licensed physician, dentist, CRNP or PA.

NOTE: Prescription medication must be brought to school in the original prescription container from a pharmacy. Over-the-counter medications must be sent in the manufacturer's original packaging.

SMILE PROGRAM

Clairton City School District has partnered with the Smile Dentists Program in Pennsylvania to provide a free, in-school mobile dental program. The program is assigned to address today's dental crisis and keep children healthy. The innovative model offers state of the art dental care to students in the comfortable and familiar surroundings of their school. It is also easy and convenient for families and is provided at no cost to students eligible for Medicaid or CHIP.

Many children sadly find themselves without affordable access to dental care. The program uses the latest technology in portable equipment, bringing no-cost dental services directly to our school. We use our network of locally licensed dentists, hygienists, and assistants to provide high quality care to our students, which sets up a mini dental clinic directly in the school. Students can receive:

- Complete Oral Exam
- Cleaning
- Fluoride Treatment
- Sealants
- X-Rays
- Fillings
- Simple Extractions

VISION TO LEARN

This is a non-profit organization that offers free eye exams to students. Students who fail their school screening will receive a comprehensive eye exam and a free pair of glasses every two years. They also offer free replacements for up to a year if they are lost or broken.

IDENTIFICATION CARDS

Photo identification (I.D.) cards will be issued to all students at the beginning of each school year. ID cards will be used by students in the cafeteria, and are required to be worn on field trips.

In addition, individuals who provide documentation of the required clearances to volunteer will also be provided an identification card. These are to be worn at all times when volunteering in the school, on field trips, etc.

LOCKERS

Students will be assigned a locker for use during the school year. Lockers are to be kept clean. Periodic locker checks may be made by the homeroom teacher or an administrator. Students are responsible for all items contained in their assigned locker.

Money and/or other valuables should not be brought to school. If it is necessary to bring valuables to school, they should not be left in lockers. **The school is not responsible for articles that are lost, misplaced, or stolen.**

Lockers are the property of the school district. Students should not assume that they enjoy complete privacy. The administration has the right to inspect a locker or other student possessions at any time when an administrator has a reason to believe that a locker or possession may contain something harmful or illegal. This search may be for the purpose of determining whether the locker is being improperly used for the storage of contraband, a substance or object the possession of which is illegal, or any material that poses a hazard to the safety and good order of the school.

MCKINNEY-VENTO HOMELESS ASSISTANCE ACT

- Staying with friends or family because you lost housing
- Living in a shelter, including transitional programs
- Staying in motels because you cannot get your own home
- Living on the streets, in a car, van, tent or other nonpermanent structure

THREAT ASSESSMENT TEAM

Pennsylvanians are concerned about the safety and security of the students, staff, and community members who enter school buildings on a daily basis. The question is, “How do we keep our schools safe?”

In June of 2019, legislation was enacted to assist schools in creating safer environments. One of the acts, Article XIII-E, Threat Assessment was added to the Pennsylvania School Code.

The law states that each school entity shall establish at least one threat assessment team. In accordance with the legislation, the School Safety and Security Committee (SSSC), Pennsylvania Commission on Crime and Delinquency (PCCD), and key stakeholders from across Pennsylvania developed model procedures and guidance materials to help local schools establish and operate threat assessment teams.

Threat assessment is a fact-based process for the assessment of and intervention with students whose behaviors may indicate a threat to the safety of the student, other students, school employees, school facilities, the community, or others. Threat assessment is a prevention strategy.

- School communities work together to identify student threats before they become acts of violence.
- Schools have systems in place to process information.
- Students receive assistance through early identification.

Please be advised that all buses are equipped with audio and video monitoring.

VISITORS

To ensure the safety of all children, all visitors, including parents/guardians, must go through the metal detectors before reporting to the Security Desk at either building entrance.

All visitors will be required to present a valid Driver's License or state-issued Photo ID upon entry. An instant background check will be run on the ID before entry will be permitted.

Once the background check has cleared, a visitor's pass will be printed. Visitors must wear the pass at all times while in the building.

Administration has the right to refuse admittance to any person. **All visitors will be escorted to and from their locations.** If a parent/guardian requests a conference with a teacher, counselor, or a principal an appointment must typically be made in advance.

WORK PERMITS

The state law requires each student seeking employment (ages 14 to 17) to obtain a certificate for employment from the school district. Work permits are available in the High School Counseling Office Monday thru Friday from 2:50 to 3:30 pm on school days or by appointment during the summer months. The student must be accompanied by an adult/guardian with an original birth certificate in order to complete the work permit application. The adult/guardian will be required to provide a driver's license or photo identification. Please call 412.233.9200 x 1256 for additional information or to make an appointment.

A student's class rank is determined by using his/her total quality points, beginning with the freshman grade year. Any two (2) or more students whose computed grade point averages are identical will be given the same rank. The rank of the student who immediately follows a tied position will be determined by the number of students preceding him/her and not by the rank of that person. The class ranking criteria determines who will be the Valedictorian(s) and Salutatorian(s) of the Senior Class.

GRADING CRITERIA

Reporting pupil progress is very important to the parents, faculty and administration of Clairton City School District. Student report cards are distributed quarterly and show a letter grade and a percentage grade that reflect student achievement for each subject in which the student is enrolled. Progress Reports are distributed between the quarterly report cards to alert families if a student is not performing at a satisfactory level.

Letter Grade	Percentage	G.P.A.	G.P.A. based on %
A	100% - 90%	4.0	3.50 – 4.00
B	89% - 80%	3.0	2.60 – 3.00
C	79% - 70%	2.0	1.50 – 2.59
D	69% - 60%	1.0	0.76 – 1.49
F	59% - 50%	0.0	0.00 – 0.75

There are four (4) 45-day grading periods for the school year. Grading period grades will be based on the student's earned percentage grade. The percentage number earned will be reported and averaged. Class rank will be based on the adjusted quality point average (Q.P.A.)

STUDENT BEHAVIOR EXPECTATIONS/STUDENT CONDUCT

The administration and all staff members have the day-to-day responsibility of monitoring student activities and conduct. Administrators apply disciplinary sanctions that are deemed reasonable and required by policy. Since it is impossible to develop an all-inclusive list of offenses and disciplinary options, those offenses not specifically addressed, nevertheless, would be subject to disciplinary action. The district maintains the right to pursue any necessary disciplinary action to maintain the safety of its staff and students

ATTENDANCE

SCHOOL DAY

Students are admitted to the building at 7:30 a.m. Breakfast is served at 7:35 a.m. and homeroom begins at 7:50 a.m. Students are considered tardy to homeroom at 8:00 a.m. and considered tardy to school at 8:10 a.m. Students are expected to arrive on time and remain for the entire day unless an early release is needed. Dismissal begins at 2:43 p.m.

- **Students who sign into school after 11:30 a.m. will only be permitted into the building if accompanied by a parent/guardian AND have a medical or legal excuse.**

State law requires that all children attend school regularly. Attendance at school is the responsibility of students and their parents/guardians.

Regular and punctual attendance is a critical element of the learning process and is essential for successful student achievement. Recognizing that there is a relationship between attendance and achievement, it is the family's responsibility to ensure their child is not chronically absent. A child can never make up a day missed even though he/she may go over the assignments that were presented.

ATTENDANCE CREDIT

Full Day	Arrive before 9:00 a.m.
Half Day	Arrive between 9:00 to 11:30 a.m. Must be accompanied by parent/guardian
No Credit	Arrive after 11:30 a.m. Must be accompanied by a parent/guardian Must have a medical or legal excuse
No Entrance	Arrive after 11:30 a.m. - parent/guardian will be contacted to pick up child arriving: WITHOUT a parent/guardian WITHOUT a medical or legal excuse

EARLY DISMISSAL

Parent(s)/Guardian(s) should send **a written note for an early dismissal** to the respective building office. The note must be written by the parent/guardian and include:

- Time of release and reason for release
- Mode of transportation home (walking, being picked up, etc.)
- Current telephone number to verify release with the parent/guardian

If a written note for prior approval is not submitted, parents/guardians may come to the school to pick up the student. In the event of an unforeseen circumstance, approval via telephone may be granted by an Administrator. Please remember, a valid photo ID must be presented when picking up a child.

- Early release from school prior to 11:30 a.m. or reporting to school after 11:30 a.m. **may preclude student's participation in extracurricular activities** for that day.
- Any student who forges an early release or has someone other than a parent/guardian verify an early dismissal may face disciplinary action.

DISMISSAL

Student dismissal begins at 2:43 p.m. Students are to walk immediately home from school or be picked up in a timely manner. Referrals to CYF may be made for students who are consistently not picked up on time. In order to ensure student safety, consistent dismissal arrangements need to be in place. In the event of an unforeseen circumstance, changes can be made via telephone when an emergency arises and an administrator can verify communication with a parent/guardian.

TARDIES

Tardiness interrupts the educational process. Getting to school and to class on time every day are the responsibilities which all students can fulfill. Habitual or excessive tardiness may result in action with the District Magistrate.

The accepted reasons for excused tardiness are the same as those listed for excused absences. Students should immediately report to their assigned location upon entry to the building: breakfast, homeroom, etc. Students who are not in their assigned homerooms, when the late bell rings at 8:00 a.m. are considered tardy to their homeroom. Students who enter the building after 8:10 a.m. are considered tardy to school and will be required to sign in via the Ident-a-Kid Information System. Students will be provided a tardy slip, which should be presented to his/her homeroom teacher.

- Tardy minutes add up, which result in the loss of instructional time/days. Minutes are converted into days and are calculated accordingly and may contribute to chronic absenteeism.
- Students entering the building **after 9:00 a.m. must be accompanied by a parent/guardian** in order to be admitted to school. In the event of an unforeseen circumstance, an Administrator may approve a student's entrance into the building.
- Any student who is found in the school without reporting to homeroom or signing in at the respective lobby via the Ident-a-Kid Information System may face disciplinary action and/or be cited for trespassing.

What is an **EXCUSED** absence?

Criteria for excusing students for absences upon parent request may include:

- Student illness/injury/quarantine
- Bereavement
- Serious illness in the family
- Religious instruction
- Inclement weather
- Family emergencies
- Legal or court appointments that require the student's attendance

The school administrator has the ultimate responsibility for deciding whether an absence is excused or unexcused.

All students ages 7 to 18 who have not completed the 12th grade, and all students ages 5 or 6 who have been enrolled in public school, are required to attend school full-time on a regular basis at the designated school within the attendance area, except when exempt by Oregon law (ORS 339.030).

**Absences add up.
9 or less is best!**

EXCUSED ABSENCES

Pennsylvania Compulsory Attendance Laws list Excused Absences as:

Court Appearances	Quarantine of the Home
Death in the Immediate Family	Recognized Religious Holidays/Services
Educational Trips (Pre-approved)	Recovery from an Extended Illness/Accident
Health-related Appointments	School-sanctioned Absences
Illness	Tutorial Work not Offered by the School
Impassable Roads	Unforeseen Circumstance

- Parents/guardians should make every effort to schedule medical appointments after school hours.
- Acceptance of all excuses is ultimately at the discretion of an Administrator.
- In addition, absences from school due to a disciplinary consequence are considered excused. Students are permitted to make up any/all missed work within the amount of days missed.

RETURNING AFTER AN ABSENCE

A student who is absent from school must, **within three (3) days**, present his/her homeroom teacher or MS/HS Secretary a written excuse signed by a parent/guardian detailing the reason for the absence. All absences are treated as unexcused until the school district receives a written notice explaining the reason(s) for the absence.

If written excuses are not provided **within three (3) days** of the date of the absence, the days are not excused and appropriate action will be taken. Retroactive excuses submitted after the three (3) day period will only be honored with approval by an Administrator.

A parent/guardian may also submit an excuse for absence through the online form, which can be found at <https://forms.gle/9FxSxhgYTJ6EnCST9>.

Note: These numbers assume a 180-day school year.

CHRONIC ABSENTEEISM

Students who are absent from school more than 10% of the school year, for any reason, are considered chronically absent. A child's attendance record may be the biggest factor influencing his or her academic success. Students who are chronically absent are more likely to drop out of school.

- Students who typically miss **two days or more per month** become chronically absent.
- Students who miss 18 days of school or more per year **may jeopardize their grade-level promotion**.

Please note: The automated phone dialer contacts the home of students every time a child has an unexcused tardy/absence. Excessive absences and tardies may result in a hearing before the Magistrate and revocation of eligibility for activities, interest groups and/or athletics.

UNEXCUSED/ILLEGAL ABSENCES

The phone dialer contacts parent(s)/guardian(s) each time a student is marked with an unexcused absence. In addition, homeroom teachers also provide students with an excused absence form upon return to school. Teachers will also make the initial contact if/when attendance issues come up, as they are typically the first to recognize students with possible attendance issues. Homeroom teachers reach out after a student's third unexcused absence.

To avoid consequences, excuses should be submitted upon return from an absence in a timely manner. Families should send a formal excuse when the absence is due to a medical appointment, dental visit, court appearance, etc. Up to ten informal excuses can be submitted each year. This can be done by a handwritten note, an email sent to attendance-elem@ccsdbears.org or the online form at <https://forms.gle/9FxSxhgYTJ6EnCST9>

STUDENT ATTENDANCE IMPROVEMENT PLAN (SAIP)

The School Attendance Improvement Plan (SAIP) is developed cooperatively with stakeholders through a school-family conference. The SAIP is required after the school's notice to the student's parent/guardian upon the fourth unexcused absence.

The Attendance Team will implement a plan of action including, but not limited to:

- Sharing and reviewing school policy on attendance
- Reviewing family and student responsibilities for regular attendance
- Contacting the student's parent/guardian regarding the absences
- Meeting individually with students to discuss reason(s) for absences
- Collaborating with the Student Assistance Team, as appropriate
- Creating a Student Assistance Improvement Plan (SAIP)
- Following up by the Social Worker Coordinator
- Making referrals for additional services for the family

School districts shall coordinate a school/family conference to discuss the cause of the child's truancy and develop a mutually agreed upon SAIP to resolve truant behavior. Issues to be reviewed at the school/family conference include:

- The appropriateness of the child's educational environment
- Current academic difficulties
- Physical or behavioral health issues
- Family/environment concerns

At the end of the conference, the school representative(s), the parent(s)/guardian(s) and the student will agree to the comprehensive SAIP. The plan could include accessing academic and social/health support from the school and community organizations, an outline of family/parent and student responsibilities, and levels of performance monitoring that include rewards and consequences. SAIP may be held without a parent if several attempts have been made to meet with the parent and the SAIP's mailed to them.

DRUG & ALCOHOL POLICY

The Clairton City School District will provide a safe and healthy environment for students with due consideration for their legal rights and responsibilities. As a part of the Clairton City School District Drug and Alcohol Prevention Program, this policy represents a component of our district-wide effort to prevent and intervene in the use and abuse of all drugs and substances/alcohol by the entire student population as a part of our teaching/learning process.

Administrative Guidelines

Our objective is to utilize strategies and guidelines that deal with the potential current uses and abuses of drugs and substances/alcohol present within the school environment. This has been accomplished through a revised curriculum, classroom activities, “community support and resources, parent/guardian involvement, a strong consistent administration and faculty effort. These guidelines provide a disciplinary and rehabilitative means to consistently respond to drug and substance/alcohol related behaviors.

The district has the right to use any measure deemed necessary to control substance abuse even if the same is not provided for specifically in any rule or regulation enumerated herein.

A student who on school grounds, during a school session, or anywhere at a school sponsored activity is under the influence of alcohol, drugs, or substances, or possesses, uses, dispenses, sells, or aids in the procurement of alcohol, narcotics, restricted drugs, mood altering substances, drug paraphernalia, or any substance purported to be a restricted substance or over the counter drugs will be subjected to discipline pursuant to the provisions and procedures outlined in board policies.

The Board Policy includes, but is not limited to these immediate actions by the Principal:

- Drug testing either on-site through the Nurse’s Office and off-site
- Notification of the parent/guardian
- Out-of-school suspension, and
- Citation to the police.

If the results of the drug testing show positive further consequences ensue:

- A parent conference will be scheduled
- The suspension will be extended to a 10-day Out-of-School Suspension
- A referral to the SAP program with a Drug and Alcohol assessment will be made; the student must show evidence that they have complied with the recommendation of the assessment, for instance that participation in such a program has begun.
- The student may be disqualified from further participation in athletics and/or extra-curricular activities for the remainder of the school year.
- The student will be required to be re-tested the following year and test negative before s/he will be a participant in athletic and/or extracurricular activities.

Second Infraction

If a second infraction were to occur, the student will be disqualified from athletics and/or extra-curricular activities for their remaining years as a Clairton student.

Towards accomplishing these ends we have adopted the following objectives.

1. Prevent students from using drugs and mood altering substances/alcohol by increasing their knowledge of the effects of drugs and mood altering substances/alcohol on the body.
2. Assist students in stopping their use of drugs and mood altering substances/alcohol by increasing their knowledge of the effects of drugs and mood altering substances/alcohol on the body.
3. Develop a peer support system to encourage students to pursue a lifestyle that is free of drug and alcohol abuse that could result in criminal activity.
4. Reduce related juvenile delinquency and other negative behavior of students by providing more structured activities in which they can become involved.
5. Improve the attendance rates.
6. Reduce the likelihood of an adolescent attempting suicide, and make sure that the depressed or suicidal adolescents who seek help will receive mental health treatment.
7. Implement parent/guardian involvement in confronting the drug and alcohol abuse program.

HAZING

The Board does not condone any form of initiation or harassment, known as hazing, as part of any school-sponsored student activity. No student, parent/guardian, coach, sponsor, volunteer or district employee shall plan, direct, encourage, assist, ignore or engage in any hazing activity.

SUSPENSION FROM ACTIVITIES AND RE-ADMITTANCE

SUSPENSION

Suspension is exclusion of a student from school for one (1) to ten (10) consecutive school days. A principal or administrator in charge gives suspensions. Depending on the circumstance, the student may also be referred to the Threat Assessment Team. **Students will be permitted to make up any assignments or tests missed during the suspension.** Students who are suspended must arrange to complete homework, assignments, tests under the same timeline as an excused absence.

READMISSION TO SCHOOL AFTER SUSPENSION

A parent/guardian conference may be necessary before a student is readmitted to school after a Type A Out-of-School suspension. The need for a conference will depend on the nature of the offense and whether it is a repeat occurrence. A conference must be held before a student is readmitted to school after a Type B Out-of-School suspension.

If it is determined that an expulsion hearing is appropriate and it is not held during the suspension period, the student will be readmitted to school. **Re-admittance will not take place if an administrator determines that the student's presence in his normal classes would constitute a threat to the health, safety, morals or welfare of others.** In this case, the student may be excluded from school for more than ten (10) school days, if the formal hearing is not unreasonably delayed. Any student so excluded will be provided with an alternative education after the 10th day as available.

WEAPONS POLICY

The Clairton City School District prohibits the possession of a weapon by students, employees, or visitors on school property or other areas as further specified and defined in this policy.

It is a misdemeanor of the first degree for any person to possess a weapon in the buildings or upon the grounds of any public elementary or secondary school. In addition, the Federal Gun-Free Schools Act and Pennsylvania Act 26 of 1995 requires local educational agencies to adhere to certain discipline and reporting requirements in the event a student is in possession of a weapon and/or firearm. In addition, the district has established a Threat Assessment Team. Any student found to be in possession of a weapon will be referred to the Threat Assessment Team. As such, students are prohibited from possessing weapons and replicas of weapons:

- in any Clairton City School District building;
- on any Clairton City School District property;
- on any conveyance (including private) providing transportation to or from a school sponsored activity;
- at any school function, activity or event whether or not held on Clairton City School District property; or
- While on their way to or from school.

Except as provided herein, a student in possession of a weapon will be subject to an expulsion of no less than one (1) calendar year as provided by Act 26 of 1995. The Superintendent may recommend to the Board of School Directors disciplinary action less than expulsion as required herein on a case-by-case basis.

Definition of Terms

Weapon - including but not be limited to any knife, cutting instrument, cutting tool, nunchaku, brass or metal knuckles, firearm, shotgun, rifle, chemical agent such as mace, explosive device including but not limited to pipe bombs, any object which is a weapon "look-alike" or is otherwise purported to be such a weapon, and any other tool, instrument or implement capable of inflicting serious bodily injury.

The provisions of this policy will not apply to a weapon being used as part of a program approved by the School District by an individual who is participating in the program (i.e. a lawful supervised school activity, extra-curricular activity, or course of instruction).

Firearm - actual firearms of any type whatsoever, (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; the frame or receiver of any such weapon; any firearm muffler or silencer; any destructive device; pellet guns; BB guns; and "look-alike" firearms, whether they be capable of operation and whether they be loaded or unloaded. Weapon does not include any device which is authorized by the school for a legitimate educational purpose, such as tools, play properties, pallet knives and the like, or any device or object which has been given prior approval by the Principal in connection with any education program or extra-curricular activity.

Destructive Device - any bomb, grenade, rocket having a propellant charge of more than four (4) ounces, missile having an explosive or incendiary charge of more than one-quarter ounce, mine, or device similar to any such devices.

Possession - when the weapon is found on the person of the student, in the student's locker, or otherwise under his or her control while the student is on school property, on property being used by the school or at any school function, activity, or event whether held on District property or away from the school, or while the student is on his/her way to or from school.

Every School District employee and/or student who has knowledge of a weapon being impermissibly on or in school property will immediately inform the Principal or other appropriate school official, who will immediately conduct an investigation. A student who has knowledge of a weapon being in or on school property will be subject to disciplinary proceedings if the student does not report the same in a timely manner.

Upon reasonable suspicion that a student possesses a weapon, the Principal will request that the student voluntarily empty his/her pockets, and remove any coat, book-bag or purse so the same may be searched by a school official. Such search will take place in the presence of another adult.

It is noted that the Rules and Regulations of the State Board of Education provide that reasonable force may be used by teachers and school authorities to obtain possession of weapons or other dangerous objects.

If the student resists such a voluntary search, the Principal or school official will immediately summon the local police and request assistance. The parent/guardian of the student will likewise be notified. Upon the police appearing, under no circumstances will the school official act as the student's informed adult in regard to any Miranda Warnings.

Locker Searches

The Clairton City School District may conduct searches of students and school property when a principal has a reason to believe that a locker or other student possessions contain something harmful or illegal. If a search of a student's person is warranted, a school official of the same gender in the presence of another adult can conduct a pat-down search. Periodically drug-sniffing dogs may be brought into school when there are problems, rumors, or as part of a random check.

If a weapon is found in the possession or control of a student, it will be immediately confiscated. In addition, the Superintendent will assess the circumstances of the possession, including but not limited to the type of object confiscated, the intent of the student, and potential threat of danger to the school community for the purpose of making a recommendation on the appropriate discipline in accordance with Act 26 of 1995.

All incidents involving the possession of a weapon prohibited by this policy will be reported by the Superintendent or the Principal to local law enforcement officials. The Superintendent will report to the Department of Education, Office for Safe Schools, and all incidents relating to expulsions for possession of a weapon pursuant to this policy. Reports will include the following information:

1. The age or grade of the student;

STUDENT BEHAVIOR EXPECTATION / STUDENT CONDUCT

OVERVIEW

The administration and all staff members have the day-to-day responsibility of monitoring student activities and conduct. Administrators apply disciplinary sanctions that are deemed reasonable and required by policy. Since it is impossible to develop an all-inclusive list of offenses and disciplinary options, those offenses not specifically addressed, nevertheless, would be subject to disciplinary action. The district maintains the right to pursue any necessary disciplinary action to maintain the safety of its staff and students. In addition, depending on the nature of the offense, the student may be referred to the Threat Assessment Team.

The Student Behavior Expectation/ Student Conduct section is organized in three Levels; specifically, Level I, II, and III. Level I is the least severe violation of the Student Code of Conduct and Level III is the most severe violations.

It is the goal to assist students as they modify their behavior and realize their full potential. Students who violate the various disciplinary Levels either I, II, and/or III will be provided many opportunities to meet with School Counselors, Administration, Teachers, and Parents to address their incidents.

PROTOCOL TO DOCUMENT, SUPPORT, INTERVENE, AND ELIMINATE BARRIERS TO LEARNING

All disciplinary incidents will be documented in ALMA OR SWIS, students will be provided the opportunity to modify their own behavior via various interventions.

The incidents will be documented as well as the interventions to support the student.

Once a student reaches a particular benchmark a formal meeting will ensue to address the repetitive misbehaviors.

DESCRIPTION OF CONSEQUENCES FOLLOWING AN INFORMAL HEARING

Suspension

Suspension is exclusion of a student from school for one (1) to ten (10) school days. A principal or administrator in charge gives suspensions. Students who are suspended are permitted to make up academic assignments as the suspension is considered excused absences.

Alternative Setting

Exclusion from School

Pursuant to School Code and Department of Education regulations, the Board of School Directors has the power, and the obligation, to exclude students from attendance at school under certain conditions and circumstances. Concurrent with that power is the obligation of the Board to ensure that such exclusions are considered and, if appropriate, ordered under well-defined and consistent regulations and procedures.

Expulsion is any exclusion from school for a serious offense or series of offenses for a period exceeding ten (10) school days and may be permanent. The School Board or a Committee of board members will hold a formal hearing and make the final decision regarding expulsion. Education is a statutorily conferred right and students must be afforded all appropriate elements of due process if they are to be excluded from school. A formal hearing is required in all expulsion actions.

Any student who is expelled from school is not permitted on school property and may not attend or participate in any school-sponsored activity for the duration of the expulsion.

If the violation requires further removal from school beyond the ten (10) days, a formal hearing will be held. A registered letter will be sent to the parent/guardian notifying them of the charges and the time and date of a formal hearing. Such a hearing will take place within ten (10) days of the offense. Every attempt will be made to include the teachers who have direct bearing on the student, an administrator, necessary support staff, the parent/guardian, and the student.

The formal expulsion hearing will be held before a duly authorized committee of the Board and a qualified hearing examiner appointed by the Board. A majority vote of the entire School Board is required to expel a student. Hearings are to be conducted within ten (10) days of the Type B suspension, when possible.

The following due process requirements are to be observed for a Formal Hearing.

1. Notification of the charges will be sent to the student's parent/guardian by certified mail.
2. Sufficient notice of the time and place of hearing will be given.
3. The Hearing will be held in a private setting unless parent/guardian request a public hearing.
4. The student has the right to be represented by counsel.
5. The student has the right to testify and present witnesses on his/her behalf.
6. A record of the hearing will be documented and the transcript will be available for the parent/Guardian at their own expense.
7. The Formal Hearing will be conducted with all reasonable speed.

If the student disagrees with the results of the hearing, recourse is available in the appropriate Court of the Commonwealth. If it is alleged that a federal constitutional issue is involved, the student may file a claim for relief in the United States District Court.

GENERAL INFORMATION

The Clairton City School District is responsible for locating, identifying and educating children who need special education services. If anyone is aware of a child with a disability who needs special education services, please contact the Special Education Department at 412-233-9200 Ext. 1160.

Clairton City School District provides a free, appropriate public education for students according to state and federal mandates. To be eligible, the child must be of school age, need specially designed instruction, and meet eligibility criteria for one or more of the following physical or mental disabilities as set forth in the Individuals with Disabilities Education Act.

Autism	Orthopedic Impairment
Deaf-Blindness	Other Health Impairment
Deafness	Specific Learning Disability
Emotional Disturbance	Speech and/or Language Impairment
Hearing Impairment	Traumatic Brain Injury
Intellectual Disability	Visual Impairment including Blindness
Multiple Disabilities	

Students who are eligible for special education are provided with a continuum of services designed to meet their individual needs. These services may include supportive intervention in the regular class or supplemental intervention in a special education class in the regular school. Students with significant needs may require placement in a special education program outside of the regular school. The extent of the special education services and the location for delivery of these services are determined by the staff and parents at the team meeting. The extent and location of services is based on the student's identified needs and abilities, chronological age, and the intensity of the special intervention. The school district also provides related services, such as specialized transportation, physical therapy, occupational therapy, nursing services, and counseling services which are required to enable the student to derive educational benefits. Special education services within the District include learning support, autistic support, emotional support, life skills support, speech and language support, vision support, hearing support and gifted support.

SPECIAL EDUCATION PROGRAMS AND SERVICES

Clairton City School District has a three-part screening process in place that identifies any student who may need special education.

- **LEVEL 1: Review of Group-Based Data**

The building principal(s) and classroom teachers review enrollment information, academic and health records and results from group-based tests, and the *Pennsylvania System of School Assessment*. For incoming kindergarten students, results from a developmental assessment are examined. Data gathered through a thorough review of these records may prompt a referral for screening a child for special education.

- **LEVEL 2: Review of Hearing, Vision, Motor, Speech and Language**

As prescribed by Section 1402, the district routinely conducts screenings of a child's hearing acuity in kindergarten, first, second, third, seventh, and eleventh grade. Vision acuity is screened annually in grades kindergarten through 12. Speech and language skills are screened upon referral to the speech therapist. Gross motor and fine motor skills, academic and social-emotional skills are assessed by the classroom teacher and support staff on an ongoing basis. Specified needs from all of these screening sources are noted within the child's official file, discussed with parents and, when appropriate, referred to the Collaborative Intervention Team to conduct various ongoing screenings and to develop interventions.

- **LEVEL 3: Intervention Planning**

The Student Assistance Program (SAP) is a team process aimed to maximize individual student success in the regular classroom, to consider barriers to learning as a component and to serve as a screening process for students who may be in need of special education services. SAP is a positive, team-based process, which uses intervention techniques to help remove educational, behavioral or affective obstacles for all students in the regular classroom.

The SAP Team includes the classroom teacher(s), the school principal, the school nurse, the guidance counselor, the social worker, and the school psychologist. Depending on the needs of the student, the speech therapist, interventionist, academic support teacher and/or representatives from community agencies may also participate in the process. Families are encouraged to provide information through the classroom teacher.

The SAP Team process involves three steps:

1. Identifying a student's need for academic and behavior support.
2. Determining research-based strategies needed to assist the student.
3. Implementing intervention strategies through a continuum of services.

After an initial assessment of the student's academic, and/or behavioral needs, the SAP Team recommends strategies to help the student achieve success in the regular classroom. The team determines what support is needed for the student to maintain a level of success in the classroom. These strategies are implemented, monitored and then evaluated by the team. If the student's teachers report a positive change, the strategies are continued. If there is no progress, the student may be referred for a *multidisciplinary evaluation* (MDE).

The Multidisciplinary Evaluation (MDE) is a process to gather information to determine if a child has a disability and needs special education and, if so, the types of services needed. Prior to an MDE, the District must obtain permission via the Permission to Evaluate Consent Form. Before an evaluation can occur, the parent or legal guardian must sign the form.

A certified school psychologist coordinates multidisciplinary evaluations. Team members including the family, classroom teacher, principal, social worker, school psychologist, and persons familiar with the student's educational experience and cultural background, and other pertinent individuals that work with the student provide information as a part of the evaluation. The evaluation must include sufficient scope and depth to provide information about the student's academic functioning, adaptive and social behavior, weaknesses, strengths, and response to intervention. All this information is compiled into an *Evaluation Report* (ER), which recommends whether a child has one or more disabilities, whether or not the child requires special education and the type of program, and services that the child needs. The ER may recommend that a child is not exceptional and therefore does not need special education services. If the ER recommends that a child is not exceptional, the report will list changes that may be made in the regular classroom to maximize the child's success. All members of the team, including the parents, are entitled to review the ER.

Families who suspect that their child is eligible and in need of special education, may request screening or a multidisciplinary team evaluation of their child through a written or verbal request to a professional staff member. Communication with families and students shall be in English or the native language of the parent.

Reevaluations for students who are eligible for special education services are completed every three years or as necessary when requested by one or more members of the IEP team and in compliance with requirements of IDEA. Reevaluations for students with intellectual disability are completed every two years.

Children who are eligible with a disability and in need of specially designed instruction are entitled to receive special education services. These services are described in the *Individualized Education Program* (IEP) which is written by the IEP team.

Required members of the IEP team include:

1. The child's parents/guardians
2. At least one of the child's regular education teachers
3. At least one special education teacher
4. A representative of the public agency who is qualified to provide, or supervise the provision of, specially designed instruction to meet the unique needs of children with disabilities; is knowledgeable about the general education curriculum; and is knowledgeable about the availability of resources of the public agency.
5. Someone who can interpret the evaluation results, who may already be a member of the team
6. At your request or that of the school, other people who know the child well or who have worked with your child
7. The child (at age 14 when planning will be done for life after graduation or any time before that age when you want your child to be present)
8. A representative from a vocational-technical school if a vocational-technical school is being considered for the child

The IEP team will review all the evaluation material to determine how the child is performing in school, and write annual measurable goals to meet the child's needs. IEPs for eligible students are developed on an annual basis, or sooner, if requested by one or more members of the IEP team. The extent of special education services and the location for the delivery of such services are determined by the parents and staff at

the IEP team meeting and are based on the student's identified needs and abilities, chronological age and the level of intensity of the specified intervention.

Once the IEP has been developed, a *Notice of Recommended Educational Placement* (NOREP) is issued to the parent. The NOREP explains the placement or class recommended for the child and explains the rights of parents. The NOREP must be approved in writing by the parent for the child's initial special education placement. The Clairton City School District offers a continuum of educational services designed to meet the needs of eligible students. In addition, related services such as specialized transportation, occupational therapy, physical therapy, vision support, deaf and hearing support, nursing services, counseling services, and speech & language support are available to those students who qualify. Detailed information regarding special education procedures may be obtained by calling the Special Education Department.

SERVICES FOR PROTECTED HANDICAPPED STUDENTS

In compliance with state and federal law, the Clairton City School District will provide to each protected handicapped student without discrimination or cost to the student or family; those related aids, services or accommodations which are needed to provide equal opportunity to participate in and obtain the benefits of the school program and extracurricular activities to the maximum extent appropriate to the student's abilities. In order to qualify as a protected handicapped student the child must be of school age with a physical or mental disability, which substantially limits or prohibits participation in or access to an aspect of the school program.

These services and protections for "protected handicapped students" are distinct from those applicable to all eligible or exceptional students enrolled (or seeking enrollment) in special education programs. For further information on the provisions of services to protected handicapped students, contact the Special Education Supervisor at 412-233-9200 ext. 1160.

SERVICES FOR STUDENTS WHO ARE MENTALLY GIFTED

The Clairton City School District provides gifted support services in kindergarten through twelfth grade to mentally gifted students that are consistent with their individual needs, outstanding abilities, and potential for performing at high levels of achievement. Referral for *Gifted Multidisciplinary Evaluation* (GMDE) can be made by the student's teacher or parents/guardians. Parents/guardians may request a GMDE once per school year in writing.

As a first step in District screening, the ESAP Team reviews group-based data to determine students who may display gifted characteristics. The second step is a more intense review of various student performance data, such as standardized and criterion referenced test results, curriculum-based assessments and rating scales as well as parent information that compares the potentially gifted student with the normal peer population. After this more intense review, and after signed parent/guardian permission is received by the District, students who are thought to be gifted are referred for a GMDE that includes an IQ test and valid measures to assess academic functioning, learning strengths, and educational needs. After the GMDE is completed, a *Gifted Written Report* (GWR) is compiled that recommends whether a student is gifted and is in need of specially designed instruction. Then, a *Gifted Individualized Education Program* (GIEP) team meeting is convened to determine whether the student is gifted. If the student is deemed to be mentally gifted, a GIEP is developed. Finally, a *Notice of Recommended Assignment* (NORA) is presented to the parents.

SERVICES FOR STUDENTS WHO ARE ENGLISH LEARNERS

The Clairton City School District offers a K-12 program who are English Learners. The program is designed to provide non-native English-speaking students with the language skills they need to participate successfully in content area classes. To meet this goal, instruction for English Learners addresses the Pennsylvania English Language Proficiency Standards and the Pennsylvania Academic Standards in Reading, Writing, Speaking, and Listening to enable full participation. The emphasis placed on achieving benchmarks is adjusted to the needs of the individual student. An underlying objective is to provide a source of support as the student seeks to understand and adapt to his or her new cultural and academic setting. Instruction is designed to ensure full access to the range of educational opportunities available in the District.

SERVICES FOR STUDENTS IN NONPUBLIC SCHOOLS

Public school education may be accessible to resident students attending nonpublic schools on a dual enrollment basis in a special education program operated in a public school. A multidisciplinary evaluation, which determines the child's eligibility for services must be conducted; and if eligible, an individualized education program plan (IEP) is developed. Parents of nonpublic school students who suspect that their child is disabled and in need of special education may request a multidisciplinary evaluation of their child through a written request to the building principal.
